

# Single Slider

## Single Slider

The most practical and affordable window styles. Manufactured by Vinyl-Pro for maximum elegance and energy efficiency. Our Insta-Lok shoe allows sash to slide effortlessly to let fresh air in. This window has an option to either tilt-in or lift-out for maintenance and easy cleaning. It comes with a half screen.

# End Vent Slider

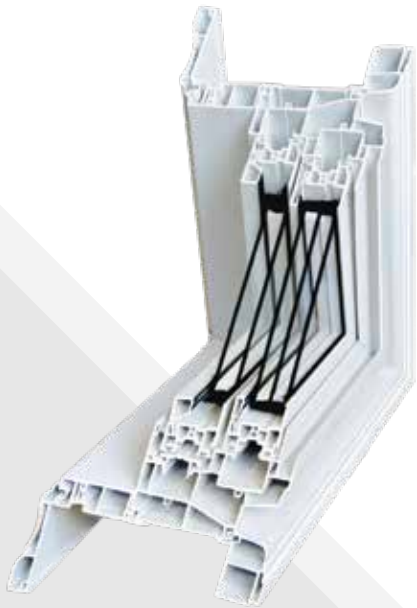

## End Vent Slider

End Vent Slider is an often selected option when a sliding window is preferred but the opening is wider than 72". It is also the window of choice in new construction when the builder wants to achieve the look of a casement window combination at a more economical price. The end vent slider has operating sashes at either end that can be tilted in for easy cleaning from inside of your home.

## Double Slider

The ideal choice for areas of the home that require excellent ventilation. Innovative Insta-Lok shoe lets sash glide the full length of the window smoothly and securely. Cleaning from inside is a breeze. Comes with a full-length screen.
